SA = optional equipment

The technically permissible maximum laden mass and the permissible axle loads shall not be exceeded. The kerb weight is that of the standard production version without optional equipment.

The total vehicle operating weight refers to the standard equipment plus 100% full water and a gas bottle as specified in EN 1645-2. The possible payload may be reduced by the weight of the optional extras.

The values have been taken from the price list or may be requested from your Carado dealership.

● Standard equipment □ Special equipment × Available in the Package ◆ Obligatory - non-obligatory

Carado Caravans prices as at 07/11 valid from 01.07.11. All prices are non-binding recommended retail prices including VAT ex works at Neustadt. Prices for special fittings apply only for new series manufacture. The dimensions and weights stated are approximate values.

The kerb weight is that of the standard production version without optional equipment. The payload is reduced when optional equipment is fitted.

The General Terms and Conditions of Business issued by Carado GmbH shall apply

Standard equipment

Chassis

- Fully galvanised BPW System alloy chassis with galvanised axle beam
- Galvanized steadies
- Independent suspension with shock absorbers
- Automatic overrun brake system
- Spare wheel bracket in gas compartment

Body/living area

- Floor thickness 41 mm
- Roof and wall thickness 34 mm
- Roof and side panels in tried-and-tested sandwich construction
- Integrated front stowage compartment for 2 x 11 kg gas bottles
- Single piece body door with integral waste bin
- Side panel outer skin in silver textured sheet
- Double-glazed hinged window with blackout blind and flyscreen (model-dependent)
- Insulated wheel arches
- Awning rail
- Ground skirt rail
- Furniture unit in tried and tested stable, self-supporting construction using high-quality plywood
- Canadian walnut furniture veneer
- Bunk beds, maximum load 75 kg
- Fabric room divider for living area and sleeping area
- Roof stowage compartment flaps with high quality metal hinges, Stowage compartment floors with vibration edge
- TV drawer or cabinet (model-dependent)
- Mattresses covered in living area upholstery with high-quality cold foam and wooden slatted base for fixed beds and for bunk beds with compact foam
- High quality and ergonomically formed seating cushions
- Monaco or Valencia fabric combination
- Bamboo-look floor

On-board systems

- 13-pin Jaeger plug
- High-mounted brake light
- Circuit breaker with CEE connector
- 12 V lighting
- Indirect lighting in the circular seating groups
- 230 V sockets
- 230 V/12 V transformer with automatic switching to towing vehicle
- Awning lamp

Heating/ventilation

- Ventilated stowage compartments
- Safety ventilation to EN standard
- Truma S 3002 with automatic ignition/Truma S 5002 (model-dependent)

Kitchen/water supply

- Spacious, ergonomic kitchen design with generous worktops and deep round sink in stainless steel look
- Roller-mounted cutlery drawer
- 3-burner hob with ignition protection and glass cover
- Spice and herb shelf
- Easily accessible gas shut-off valves in the kitchen area
- 113 litre refrigerator with 11 litre freezer compartment
- Paper towel holder (model-dependent)
- 45 litre fresh water tank
- Rubbish bin

Bathroom

- Thetford C 200 S WC (direct connection from water tank)
- Roof vent with flyscreen blind (model-dependent)
- Window in bathroom
