SA = optional equipment

The technically permissible maximum laden mass and the permissible axle loads shall not be exceeded. The kerb weight is that of the standard production version without optional equipment.

The total vehicle operating weight refers to the standard equipment plus 100% full water and a gas bottle as specified in EN 1645-2. The possible payload may be reduced by the weight of the optional extras.

The values have been taken from the price list or may be requested from your Carado dealership.

● Standard equipment □ Special equipment × Available in the Package ◆ Obligatory - non-obligatory

Carado Caravans prices as at 07/11 valid from 01.07.11. All prices are non-binding recommended retail prices including VAT ex works at Neustadt.

Prices for special fittings apply only for new series manufacture. The dimensions and weights stated are approximate values.

The kerb weight is that of the standard production version without optional equipment. The payload stated is reduced when optional equipment is fitted.

The General Terms and Conditions of Business issued by Carado GmbH shall apply

Standard equipment

Chassis

- Fully galvanised BPW System alloy chassis with semi-trailing link and galvanised axle beam
- Galvanized steadies
- Independent suspension

Body/living area

- Floor thickness 39 mm
- Roof and wall thickness 29 mm
- Roof and side panels in tried-and-tested sandwich construction
- Integrated front stowage compartment for 2 x 11 kg gas bottles
- Single-part entrance door
- Side panel outer skin in white textured sheet
- Double-glazed hinged window with blackout blind and flyscreen (model-dependent)
- Insulated wheel arches
- Awning rail
- Living area roof vent with integrated insect protection blind
- Furniture unit in quality sturdy, self-supporting construction
- Canadian walnut furniture veneer
- TV drawer next to entrance door on C 160 L
- High-quality compact foam mattresses covered in living area upholstery
- Wooden slatted base for fixed beds and bunk beds
- Bunk beds, maximum load 75 kg
- High quality and ergonomically formed seating cushions
- Vienna fabric combination
- Bamboo-look floor

On-board systems

- Circuit breaker with CEE connector
- 12 V lighting
- 230 V sockets
- 230 V/12 V transformer with automatic switching to towing vehicle
- Awning lamp

Heating/ventilation

- Ventilated stowage compartments
- Safety ventilation to EN standard
- Truma S 3002

Kitchen/water supply

- Spacious, ergonomic kitchen design with generous worktops and deep round sink in stainless steel look
- Roller-mounted cutlery drawer
- 3-burner hob with ignition protection and glass cover
- 89 litre refrigerator with 11 litre freezer compartment

Bathroom

- Swivelling Thetford cassette toilet
- Roof vent with integrated insect protection blind in the bathroom
- Shower tray
