SA = Optional extra

Max. permitted laden mass as well as axle loads must not be exceeded. Max. permitted towing capacity will be reduced to 1900 kg when upgrading the G.V.W.

Mass in running order means unladen weight incl. driver (75 kg) and filled fuel tank as well as the following standard specification: fresh water tank with reduced capacity (72 kg), one filled gas bottle (25 kg) and one cable drum (4 kg).

* Upgrade of G.V.W. to 3850 kg for 100 HP engine not possible.

1) optionally 6 persons only in connection with Safety Pack

2) optionally 5 persons only in connection with Safety Pack

3) optionally 6 persons only in connection with upgrade G.V.W. 3.85 to and Safety Pack

4) General reference regarding max. permitted passengers: The assembly of additional chassis options, body options and packages ex works may reduce the max. permitted passengers (add. weights see options price list).
